## Veterinary Medical Records Release Form

I, \_\_\_\_\_ hereby give my permission for the release of any or all of the information contained in the medical records of the pet(s) listed on account to be given to outside boarding, grooming, veterinary, pharmacy or any specialty facilities upon request.

Client Signature: \_\_\_\_\_

## Veterinarian Client Patient Relationship (VCPR)

The veterinarian client patient relationship (VCPR) is the basis for interaction among veterinarians, their clients, and their patients and is critical to the health of your pet. Vetsavers Pet Hospital requires every patient to be examined by a licensed veterinarian on an annual basis to maintain our veterinary client patient relationship and to ensure the proper health of your pet. Keeping your pet’s annual exam up to date yearly will allow us to authorize prescription medications and food refills. I understand that once my pet is past due for their annual exam, Vetsavers Pet Hospital will no longer authorize prescription medication and/or prescription food refills. Services such as nail trims and anal gland expressions will be authorized as long as your pet’s Rabies vaccination is current, even if annual exam is overdue. Services provided during a technician visit do not count as an annual exam/visit because your pet is not being seen by a veterinarian and no examination is performed. Heartworm prevention refills will be authorized with proof of current heartworm test on file as long as pet has been seen in the past by a Vetsavers Pet Hospital veterinarian.
